Why Jersey?

- A leading international finance centre with political, economic and fiscal stability
- A simple corporate tax regime delivering fund services business since the 1960s
- A highly experienced workforce in the management and administration of Jersey funds and corporate vehicles
- Full compliance with international standards and bodies, such as IMF, IOSCO, ESMA, FATF

Jersey offers a wide range of options to investment and asset managers; from regulated retail funds through to options for the most sophisticated investors, Jersey provides a place where managers can focus on providing innovative solutions suited to their specific investors' needs.

Reputation

Jersey's reputation as a leading financial services centre has been endorsed by being one of the first international finance centres to be placed on the OECD "white list". Jersey is fully aligned with the highest standards of the latest Anti-Money Laundering EU Directive, operates at the highest standards of Countering the Finance of Terrorism and Countering the Proliferation Financing and has been nominated for many awards from various international promoters.

Legal

The legal environment in Jersey is well established and stable. There are numerous internationally recognised law firms offering a full suite of legal services for the finance industry. Jersey proudly possesses its own democratically elected Parliament which maintains responsibility for domestic and fiscal matters. Jersey is uniquely positioned outside of the EU and benefits from an AIFMD equivalent regime.

Tax

Jersey offers a straight-forward tax neutral environment with no VAT or CGT and a corporation tax rate of 0%.

Regulation

The Jersey Financial Services Commission is responsible for the regulation, supervision and development of the financial services industry on the Island. The Commission is also the supervisory body for the finance sectors that are subject to regulatory oversight of their anti-money laundering, the countering the finance of terrorism and proliferation financing, and ensuring that Jersey maintains its position as an international finance centre with high regulatory standards.

Jersey's place within the industry

Jersey has consistently demonstrated a strong upward trend in terms of value of funds under administration. In the beginning of 2024, the net asset value of regulated funds under administration was £452.27bn, according to the latest industry statistics.

The number of Jersey Private Funds (JPFs) grew to 624 demonstrating the popularity of the JPF regime amongst asset managers.
